

(Rev. 10-90)  
NPS Form 10-900

OMB No. 1024-0018

United States Department of the Interior  
National Park Service

### NATIONAL REGISTER OF HISTORIC PLACES REGISTRATION FORM

This form is for use in nominating or requesting determinations for individual properties and districts. See instructions in How to Complete the National Register of Historic Places Registration Form (National Register Bulletin 16A). Complete each item by marking "x" in the appropriate box or by entering the information requested. If any item does not apply to the property being documented, enter "N/A" for "not applicable." For functions, architectural classification, materials, and areas of significance, enter only categories and subcategories from the instructions. Place additional entries and narrative items on continuation sheets (NPS Form 10-900a). Use a typewriter, word processor, or computer, to complete all items.

#### 1. Name of Property

historic name: Garnett Creek Bridge on Greenwood Avenue

other names/site number: Bridge No. 21C0042

#### 2. Location

street & number: Greenwood Avenue, 0.2 miles northeast of Grant Avenue not for publication: N/A  
city or town: \_\_\_\_\_ vicinity: N/A  
state: California code: CA county: Napa code: 055 Zip: 94515

#### 3. State/Federal Agency Certification

As the designated authority under the National Historic Preservation Act of 1986, as amended, I hereby certify that this  nomination  request for determination of eligibility meets the documentation standards for registering properties in the National Register of Historic Places and meets the procedural and professional requirements set forth in 36 CFR Part 60. In my opinion, the property  meets  does not meet the National Register Criteria. I recommend that this property be considered significant  nationally  statewide  locally. (  See continuation sheet for additional comments.)

**Narrative Description** (Describe the historic and current condition of the property on one or more continuation sheets.)

**8. Statement of Significance**

**Applicable National Register Criteria** (Mark "x" in one or more boxes for the criteria qualifying the property for National Register listing)

- A Property is associated with events that have made a significant contribution to the broad patterns of our history.
- B Property is associated with the lives of persons significant in our past.
- C Property embodies the distinctive characteristics of a type, period, or method of construction or represents the work of a master, or possesses high artistic values, or represents a significant and distinguishable entity whose components lack individual distinction.
- D Property has yielded, or is likely to yield information important in prehistory or history.

**Criteria Considerations** (Mark "X" in all the boxes that apply.)

- A owned by a religious institution or used for religious purposes.
- B removed from its original location.
- C a birthplace or a grave.
- D a cemetery.
- E a reconstructed building, object or structure.
- F a commemorative property.
- G less than 50 years of age or achieved significance within the past 50 years.

**Areas of Significance** (Enter categories from instructions)

Engineering

**Period of Significance** 1904

**Significant Dates** 1904

**Significant Person** (Complete if Criterion B is marked above)

N/A

**Cultural Affiliation** N/A

**Architect/Builder** Buckman, O.H (designer)

Money, John C. (contractor)

---

**Description:**

The Garnett Creek Bridge is an earth filled closed spandrel masonry arch. This 2 lane bridge consists of a single 32 foot span. The bridge is 50 feet long and 20.7 feet wide. The masonry structure is comprised of rough cut stone laid in irregular courses. Both railings are constructed of cut stone. A rural setting of trees and fields surrounds the bridge.

**Construction History:**

1904: masonry arch was built, the structure appears essentially unaltered, and Caltrans' bridge maintenance files indicate that only routine maintenance has been undertaken since the bridge's construction

---

**Statement of Significance:**

The Garnett Creek Bridge meets the standards of National Register listing as set forth in the multiple property submission for historic highways bridges of California. Specifically, this structure satisfies the registration requirements for masonry arch bridges.

The Garnett Creek Bridge is one of many masonry arch bridges built in Napa County in the late nineteenth and early twentieth centuries. The combination of availability of high quality building stone from nearby sources and the presence of skilled stonemasons can be seen in the many stone buildings and bridges that still exist throughout the county. This bridge is located on Greenwood Avenue, just northeast of Grant Avenue.

Napa County Surveyor, O.H. Buckman, designed the Garnett Creek Bridge (#21C-42) in 1904. Buckman served as a Napa County Surveyor from 1895 until about the time of World War I. The abundance of masonry arch bridges in Napa County is primarily due to his design efforts. Contractor John C. Money built this bridge for a cost of \$2390. For all intents and purposes, this bridge retains its original appearance.

This bridge was determined to be eligible for the National Register of Historic Places under criterion C, at a local level, as part of a Statewide Bridge Survey undertaken by Caltrans in the mid-1980s. It was argued that the bridge retained a high degree of integrity of location, design, setting, materials, workmanship, and association and represented a rare type and method of construction (masonry) in the state of California. After completing an update survey of the bridge in 2003, the structure appears to retain both integrity of design and setting and is a fine unaltered example of a rare bridge type in California, the masonry arch, and should continue to be eligible under criterion C.
